BEGIN SEARCH FOR BODIES OF DEAD AT CHICAGO

Cause of Terrific Blast in
Grain Elevator a
Mystery.

(By the Associated Press)
CHICAGO, March 21.—Two more bodies today were taken out of the debris of the Armour Grain Company's elevator which was wrecked by an explosion Saturday night, thus making the number of known dead four. Two more bodies were believed still to be in the wreckage.

CHICAGO, March 21.—Wrecking crews today started work clearing away the tons of debris scattered by the explosion Saturday night in the elevator of the Armour Grain Company on 122nd street south, under which the bodies of four victims are believed to be concealed. The two known dead were blown out of the structure by the blast, which was heard and felt across Lake Michigan. The grain loss was placed at about one million dollars. It is believed that the other three million dollars worth of grain in the concrete bins can be salvaged. Weeks will be required to clear away the mass of twisted steel and concrete and clear the channel of the Calumet river, which was almost blocked by the spilled grain.

Two theories of the cause of the explosion were advanced by Engineer Thompson, who was in charge of the construction of the huge elevator when it was built last year. One is that the explosion was due to spontaneous combustion and the other is that a highly explosive mixture of humored air and grain dust was ignited by a spark from a watchman's cigarette. Police and officers of the company declared they placed little credence in a theory that the explosion might have been caused by a dissatisfied employee.

CHICAGO W. C. T. U. TO START ANTI- TOBACCO FIGHT

(By the Associated Press)
CHICAGO, March 21.—A campaign by the Women's Christian Temperance Union for a strict Sunday observance against tobacco, was announced today by Miss Ann Gordon, the national president, to start April 3.

That week, the announcement said, will be made a week of prayer for the success of the campaign and Sunday, April 10 is designated anti-tobacco Sunday, when literature to be sent out to W. C. T. U. organizations, churches, schools and colleges will be distributed. Large signs announcing the program for the campaign will be sent out soon, Miss Gordon said.

GERMANY WON IN ELECTIONS YESTERDAY

(By the Associated Press)
BERLIN, March 21.—Germany on an overwhelming victory in the plebiscite held in upper Silesia yesterday to determine the future national statute of that region, according to official reports received here. Two districts were still missing at 9 o'clock this morning, with the count showing 876,000 votes had been cast for Germany and 89,000 for Poland.

Builders' Union Into Contracting Business

ST. PAUL, Minn., March 17.—The St. Paul Trade and Labor Assembly proposes that labor stop working for untrustworthy bosses and be its own employer.

To that end labor is going into the building business here. The 6000 members of 17 St. Paul building trades unions had contracts with their employers running to May 1. In February contractors notified union men that on Feb. 21 there would be a 20 percent wage cut.

A first labor forces planned to strike. Cooler heads insisted some new defense method was needed.

New Plan O. K'd.
Then came the plan, quickly approved, for labor to go into business for itself.

Articles of incorporation soon will be filed by a newly organized Central Board of Trade. Stock in this company will be sold to unions and money will thus be raised for initial financing. Supply and material men, who are friendly to unions also will be allowed to buy memberships.

Two subsidiary companies will be formed next. One will direct construction work and will be in charge of experts and technically trained men. They will purchase materials and supervise building operations.

Ada Boy Attends Stock Show at Oklahoma City During the Past Week

Curtis Floyd, son of County Supt. A. Floyd, returned to his home here Saturday from Oklahoma City where he spent all last week attending the Southwestern American Livestock show, which was held there. He reports the show to be a great success with more than 2000 head of stock on exhibition.

He took nine Aberdeen-Angus calves, winning third place in the breed steer's class. The calves were sold for \$3-4 cents per pound to stockmen of the city, which was only one-fourth cent lower than the highest paid for any stock in the show. He is well pleased with the outcome of the exhibition and states that he will make another trial for honors next year. Stockmen from all parts of the country were present and much interest was manifested in the event.

HARDING WANTS NEW TARIFF LAW

Would Limit Bill To Few
Items, Including Wheat
and Wool.

(By the Associated Press)
WASHINGTON, Mar. 21.—President Harding suggested today to Chairman Fordney that the house ways and means committee sound out the feasibility of early passage of an emergency tariff that would take care of farmers.

The proposition was discussed at length but it was said the committee reached no definite conclusion. It was the idea of the president, members said, to avoid an embargo and to limit the bill to a very few items, including wheat and wool.

NOTED WOMAN TO RECEIVE DEGREE AT TULSA SCHOOL

TULSA, March 21.—Miss Alice Robertson of Muskogee, United States representative from the Second Oklahoma district, will become the possessor of the degree of learned literature on May 31, to be conferred during commencement exercises at the University of Tulsa, according to plans announced by the executive committee of the board of trustees. This award to Miss Robertson will be the first of its kind ever made by the university or by Kendall college, the historical school which preceded the university in name.

The board has decided on this action because of the long record of service to the school credited to Miss Robertson. At one time, she was president of Kendall college and since the school's inception as an Indian mission at Muskogee in the early '90's has been prominently identified with its progress.

Miss Robertson has been informed of the school's plans. She already holds an A. B. degree and a master of arts degree from the Elmira college for women, Elmira, N. Y.

MY SHEPHERD:—The Lord is my shepherd; I shall not want. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord for ever.—Psalm 23: 1 and 6.

THE DAILY NEWS—IN FOUR REELS

FILE MOTION TO QUASH TRAPP IMPEACHMENT

Acts Charged Not Within
Jurisdiction of Court of
Impeachment.

(By the Associated Press)
OKLAHOMA CITY, March 21.—A motion to vacate and set aside the article of impeachment against Lieutenant Governor Trapp for alleged illegal bond transactions in Adair, Seminole and Creek counties, was read before the state senate today as a court of impeachment this afternoon.

The motion, filed at the instigation of attorneys for Trapp, declared that no competent evidence to justify the articles had been submitted and that the articles never were lawfully approved by the house of representatives, as required by the state constitution. The motion further charges that the offense alleged in each of the articles, except in article eight, do not constitute grounds for impeachment, nor are the charges of "willful neglect of duty, corruption in office, incompetence, habitual drunkenness or moral turpitude as contained in the articles of impeachment."

The motion contained 52 pages.

BODY OF LIEUTENANT TO BE BURIED IN TULSA

TULSA, March 21.—The body of Lieutenant L. S. Homsher, who was killed in action in France on Nov. 2, 1918, has arrived in New York and will be brought to Tulsa for burial. Lieutenant Homsher was traffic manager of the Sapulpa & Oil Fields railway before his entrance into the army.

TO REVISE CHARGES AGAINST LEECRAFT

(By the Associated Press)
OKLAHOMA CITY, March 21.—A supplementary report in regard to the campaign fund charges against A. N. Leecraft, state treasurer, in which he will be "censured and reprimanded" for his activities, will be filed in the lower house of the legislature this afternoon, according to an announcement by R. H. Mathews, chairman of the investigating committee.

The report filed last week asked for the impeachment of Leecraft. Mrs. Marvin Brown and daughter Laverne left on the early morning Katy for Oklahoma City. They are expected to return home tomorrow.

Tom McKeown and Wife Return Home In Car Saturday

Tom D. McKeown, whose term expired March 4 as congressman from this district, together with his good wife, returned from Washington to their home in Ada last Saturday evening, coming the entire distance of 1,655 miles in their automobile and being exactly ten days on the road. They left Baltimore Wednesday afternoon of the ninth and arrived here Saturday evening.

Mr. McKeown has many interesting things to relate relative to his last days in congress. During the closing days of his service in the congress he had the distinction of voting on a measure that was passed and then repassed over the president's veto, the same being an amendment to the drainage act affecting the lands of the five civilized tribes. Mr. McKeown says the bill should have passed and is not sorry that he was crosswise with the president on this measure.

Mr. and Mrs. McKeown were present at the inauguration of president Harding and vice-president Coolidge, and he has several interesting pictures of the scenes on that day which he made with his own kodak.

Mr. McKeown has rented law offices over the M. & P. Bank and will return to the practice of law for the present. He would make no statement as to what his future political moves would be.

16 Men Freed of Matewan Murder Charges Today

(By the Associated Press)
WILLIAMSON, W. Va., Mar. 21.—The sixteen defendants tried in connection with the death of Albert C. Felts, who was killed during a Matewan gun fight last May, were today found not guilty by the jury in the Mingo county circuit court. The defendants were formally discharged by Judge B. J. Baily, but were remanded to jail pending bond arrangements on six other indictments charging the men with having been implicated in shootings of six other private detectives.

The trial consumed 46 days.

Masons Notice!

Ada Lodge No. 119 meet tonight in regular monthly meeting at the Masonic Hall, corner 12th and Broadway, at 7:30. Important business will come before the lodge tonight and it is especially desired that all Masons be present.—John Thrasher, W. M.

WEATHER MAN SAYS FRUIT MAY SUFFER TONIGHT

Temperature May Go Below
Freezing Point; Warmer
Tomorrow.

(By the Associated Press)
OKLAHOMA CITY, March 21.—Spring came to Oklahoma this year not as a maid in flowing robes, tripping over dewy grass with unshod feet, but as a shivering little miss still bundled up in her winter furs and wondering what kind of a reception she was being given.

At the Weather Bureau, it was said this morning was to degrees, 20 degrees lower than yesterday, and at 10 a. m. the mercury had fallen four more degrees and showed no indications of an immediate stop.

The forecast for tonight included the statement that it would probably be freezing in extreme portions of the state. Clearing weather was forecast with the prediction that tonight would be probably fair. Tomorrow is to be warmer, the forecast said.

Asked if fruit would be in immediate danger, J. P. Slaughter, head of the bureau here, said: "It is a fifty-fifty chance. If the freeze actually comes it will hurt the fruit in the southeastern corner, but we are not certain the temperature will be that low."

CONVICTED MAN TO PAY \$100.50 FINE IN DIMES

LAWTON, March 21.—Tippy Andrews, who was arrested some time ago on a charge of disturbing the peace, was given a hearing Saturday before Justice Harper, pleaded guilty and was fined \$100.50. He will pay his fine in dimes, he says.

ANOTHER ATTACK ON PROBITION LAW

(By the Associated Press)
WASHINGTON, March 21.—An entirely new attack on the validity of the prohibition amendment, based upon the requirements that it be ratified within seven years, was made today in the supreme court.

The attack was made in a brief filed by counsel for J. J. Dillon, of San Francisco, which charged violation of the prohibition enforcement act, Dillon is seeking a writ of habeas corpus.

The prohibition attack was offered first by the then senator Harding when the amendment was being proposed in the senate.

Meeting of Scouts To Be Held at Park; Surprise for Boys

All Ada scouts are again requested to meet at the East part of the Twelfth street park Wednesday afternoon of this week for the purpose of laying plans choosing seeds and starting the work on the park for the year. Each troop will be given its assignment and everything will be put in readiness for the coming work.

Each scout who is present will be given a work credit, provided he comes prepared with a rake, hoe, shovel, or other implement by which he may be of assistance. Another thing of paramount interest will be a surprise which the commissioner of public works, W. S. Smith, has in store for scouts. As for what it is about and why it is of so great an interest to the boys is concerned, those who want to know should be present and not depend on someone else telling him what took place. Boys, be present at this meeting, it will be worth the effort. The meeting will be held at 4 o'clock or soon thereafter.

MUSKOGEE HAS DAMAGING FIRE

Property Loss Estimated at
\$25,000, Entire Business
Block Threatened.

(By the Associated Press)
MUSKOGEE, March 21.—Total loss caused by an early morning fire today in the Severs block, 2nd and Broadway, an important part of the city's business section, will not exceed fifty thousand dollars, is the opinion of fire chief Chapman.

MUSKOGEE, March 21.—Fire, starting in the basement of a vacant store building in the Severs Block at 2 o'clock this morning, spread to the second floor today totally destroying the cotton stock and records of two cotton broker companies and burning through several law offices.

The total damage, including that of the water and smoke will be about seventy-five thousand dollars, according to Fire Chief Chapman. During the first few hours of the fire the whole block was threatened. The entire fire force, including both day and night shifts was summoned and by 5 o'clock the fire was under control.

According to firemen who first arrived on the scene, the fire started in the furnace room either from a lightning stroke that went down the chimney, or from a hot water tank.

AMERICAN MERCHANT SHIPS DISCHARGE MANY SEAMEN

(By the Associated Press)
MANILA, P. I. Jan. 30. (Correspondence)—Eleven hundred American seamen were discharged from American merchant ships here during the year 1920, according to the report of acting United States shipping commissioner, Francisco Corrales, just issued.

Of this number 488 were thrown out of employment by mutual agreement, 158 on account of sickness, 295 owing to termination of contract and 159 were discharged for cause. During the year, subsistence and lodging were provided for 375 destitute American seamen, the number of destitute being remarkably large owing to the fact that the American consulates at the various Asiatic ports have shipped to this port the destitute sailors, in their respective jurisdictions.

The increase in the number of seamen furnished subsistence and lodging is due also to the fact that during the year there was a marked increase in the number of American ships calling at this port.

Restoration of Trade Aided by Big Price Cuts

LONDON, March 17.—America is dealing with the problem of reconstruction and the restoration of trade more energetically and more successfully than is the case in England, Sir Algernon Firth, former president of the Association of British Chambers of Commerce, declares in a TIMES interview. Sir Algernon has returned recently from his 51st visit to the United States.

Among factors cited as to American advantages in the situation, the British business man states, were a more rapid reduction of values than in England and co-operation of labor in reducing the costs of production.

Accept Wage Reductions.
Mill workers in the United States he said, are accepting wage reductions of as much as 33 1-3 percent in order to enable manufacturers to turn out goods at prices which the public would pay. He said if the movement went much further it would mean that the United States would soon be in a strong position in the matter of exporting goods and would be able to secure business that would otherwise come to Great Britain.

American hours of work were about the same as those in England he stated, but the men worked much harder while they were in the mills.

Sir Algernon expressed an opinion that trade would improve in America toward April, based on the fact that bottom prices were being reached promising restored confidence and increased buying. He urged open and frank dealing with Americans and co-operation between the two nations.

He said he did not attach much importance to the question of tariffs because of the creditor position of the United States.

FARMERS OF TRADE TERRITORY WILL SUPPORT FACTORY

Committee Working Out a
Definite Plan Will Make
Report This Week.

A number of farmers living in the Ada trade territory and a few business men of the city attended the meeting held at the district court room Saturday evening and discussed the feasibility of establishing a canning factory at Ada, a plant which would be equipped to handle the product of several hundred acres of pickles, tomatoes, pumpkins and potatoes and furnish employment for about two hundred men and women during the canning season.

J. H. Atkinson of Brighton, Iowa, advanced the idea of establishing such a plant here, during a three-day visit in the city the fore part of last week. After explaining to the farmers with whom he talked on the proposition that the success or failure of the proposed industry would depend almost entirely on the manner in which they supported it, and giving them some idea of what the farmers of Iowa and other states have accomplished through their patronage of similar industries, he left the city, Wednesday night, for a point in the state of Texas which had been recommended to him as a good location for the factory which he expects to establish, either in Texas or Oklahoma.

Likes Ada.
Mr. Atkinson returned to Ada after visiting the Texas town, with the statement that he would establish the factory here if he could get the right kind of support and he was on hand at the meeting Saturday evening to receive the answer of the farmers who have considered the proposition.

While no great number of persons attended the meeting, yet some of the leading farmers of the county were present and all seemed to be elated at the prospect of having near at hand an industry which would relieve them of the necessity of depending almost entirely on cotton. It was the consensus of opinion that there would be no danger of the farmers refusing to put out the required acreage, and it was readily apparent that the farmers of this locality have long felt the need of just such an industry.

County Agent J. W. Hill, who is in close personal touch with all of the farmers of the county and knows their needs and desires as well as any one, gave Mr. Atkinson the assurance that there would be no trouble about getting the farmers to plant the required acreage.

Tired of Cotton.

"The farmers of Pontotoc county have learned by hard experience the disadvantages of depending entirely on a cotton crop," declared Mr. Hill. "The climate and soil in

(Continued on Page Four)

CHAMBERLAIN SELECTED LEADER OF UNIONISTS

LONDON, Mar. 21.—Austin Chamberlain, "chancellor of the exchequer," was today elected leader of the Unionist party in the house of Commons. His selection effected at the Unionist of the house of commons at the Carlton club, was unanimous. He succeeded Andrew Bonar Law whose retirement because of ill health was announced last week.

THE WEATHER

(By the Associated Press)

OKLAHOMA CITY, March 21.—Tonight and Tuesday probably fair; colder in east and southern portion tonight, probably freezing. Warner in west and north portion Tuesday.

IN SOCIETY

The spacious firmament.
The spacious firmament on high,
With all the blue ethereal sky,
And spangled heaven, a shining frame
Their great original proclaim:
The unwearied sun, from day to day,
Does his Creator's power display,
And publishes to every land
The work of an Almighty hand.

Soon as the evening shades prevail,
The moon takes up the wondrous tale,
And nightly to the list'ning earth
Repeats the story of her birth:

Whilst all the stars round her burn,
And all the planets in their turn,
Confirm the tidings as they roll,
And spread the truth from pole to pole.

What though in solemn silence, all
Move round the dark terrestrial ball?

What though no real voice nor sound
Amid their radiant orbs be found?
In reason's ear they all rejoice,
And utter forth a glorious voice,
Forever singing as they shine,
The hand that made us is divine.

—Joseph Addison.

Entertain Bible Class.
The members of the Lookout Bible class of the First Christian church were delightfully entertained by Mr. and Mrs. O. A. Tunnell at their home at 229 East Main street last Friday evening. The enjoyable events of the evening were a Bible contest and other games interesting to older people. The winner of the Bible contest was Mrs. E. C. Wilson, who was given the prize. "Spool" another game which was played during the evening furnished much enjoyment and excitement for those who participated in it.

After thus spending a happy two hours, delicious refreshments were served. This class is composed mainly of the younger married couples of the church but is not restricted to them only. It has been recently organized and has rapidly grown to one of the largest and best classes of its kind in the city. The entertainment Friday night was the second which has been given since the class was organized and plans are being made for many more in the future.

Those present were: Mr. and Mrs. Orel Busby, Mr. and Mrs. Calhoun Sparks, Mr. and Mrs. Jim Couch, Mr. and Mrs. Frank Yeargin, Mr. and Mrs. Paul Cox, Mr. and Mrs. C. E. Cunningham, Mr. and Mrs. A. Linscheid, Mr. and Mrs. Jesse Warren, Mr. and Mrs. Chas. Drummond, Mr. and Mrs. Fred Clinkensbeard and Mr. and Mrs. Cantor Gay, and Mesdames Goe, Allag, Margaret Lee, M. A. Watts, E. C. Wilson, J. L. Sanders, Homer Wood, and Olive Couch.

Mrs. W. M. Hooper of Tupelo is here this week visiting her daughter.

Mrs. Mabel Franklin of Tulsa is here for a week's visit with relatives and friends.

Misses Clara and Etta Russell of Youngstown, Ohio, are here for a visit with their mother, Mrs. Russell, and other relatives.

Mr. and Mrs. S. I. Tobias returned this afternoon from Dallas, Texas, where they attended the wedding of a nephew and visited a few days with relatives.

Mr. and Mrs. T. I. McKeel of Oklahoma City spent the past three days here with friends, returning to their home there yesterday afternoon through Holdenville.

Mrs. A. M. Bailey and children have returned from several weeks' visit with relatives at Pauls Valley and Oklahoma City.

Misses Alice Morgan and Jewell Little of Okmulgee spent yesterday in the city with their cousin, Miss Anna Mae Reed, and other relatives and friends.

Mr. and Mrs. Sam Harris of Dallas arrived in the city yesterday for a short visit here with friends. Mr. Harris is owner of the Harris hotel building here and is planning to open a gent's furnishing store in Pawhuska. They will leave here today.

Ollie Beard and son Edwin of Woodville, Okla., spent the night in the city with relatives. They left this morning for other points and will return to the city before going to their home at Woodville.

A play out of the ordinary. Continental congress at Normal auditorium Thursday night. 1-8-5td

CHECKERED WRAP FOR MOTOR WEAR

By Eloise.
The dressy, wrappy coats of the winter season have made it necessary to design simple utility coats for general wear. Most of the wraps or much to extreme and too ornate or luxurious to be worn for every day wear and so this season more than ever is there a decided demand for a plain top coat for motoring, walking and rough weather. Here is a smart model which was designed specially with the steamer or the motor car in mind.
It is a soft wool black and white checkered material made on long, straight lines with a narrow black belt which may be worn or not as the owner wishes. The coat is trimmed with black fringe at every good opportunity and the large collar and the pocket facings are of black. Such a coat will be found very comfortable for the winter motor trips and the ocean voyages.

RAILROADS GET GREAT SUM FROM THE GOVERNMENT

(By the Associated Press)
WASHINGTON, Jan. 11th.—Advances aggregating more than \$250,000,000 were made to the railroads last year from the \$300,000,000 revolving fund provided in the transportation act, it was announced today by the Interstate Commerce Commission.
Loans aggregating \$51,653,594 may be made on pending applications, the commission said, leaving \$2,625,049.00 of the fund available for additional loans.

Over the Top and Then Some

"I never felt better in my life than since taking the first dose of Mayr's Wonderful Remedy. I had a bad case of indigestion and bloating and tried all kinds of medicine. Mayr's Wonderful Remedy is all and more than is claimed for it. On my recommendation our postmaster's wife is using it with good results." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays Drug Co.—Adv.

Arch McDougel, who has been employed by the Dunlap Bros. store at Holdenville, has been transferred to this city to fill the place left vacant when Harry Read resigned some time ago.

Mrs. J. H. Hudson and daughter Letta left yesterday for Tishomingo where they will spend a short time on business with friends. They will also visit relatives in Oklahoma City before returning home.

J. A. McKellar of the Ada service and filling station, who was called to the bedside of his mother in Columbus, Miss., has sent word to this city that she died yesterday afternoon. The cause of her death is due to a broken hip which she sustained some time ago in a fall. Mr. McKellar will remain there until after the funeral.

Preparations Are Being Made for Play at Normal

All final preparations for the Normal school play, which will be given Thursday night of this week, are being made and most of the costumes have arrived. There will be twenty-five costumed people in the play and a total of fifty people will appear on the stage during the evening. The title of the play is "Continental Congress" and is being given under the supervision of the history class.

The tickets were placed on sale at Gwin and Mays drug store at 1 o'clock today and it is expected that a large crowd will be in attendance. Those who have charge of the play are pleased with the showing made by the characters and better ones for the places selected would be hard to find.

For the past month the students have been rehearsing and the art and music departments are also making special preparations for the event. This is the first and probably will be the best play given at the Normal school this year and all are putting forth their best efforts to make it so.

In addition to the regular program several other interesting numbers have been planned and the audience will be well entertained all during the evening.

Church News

Teacher Training Class.

The teacher training class at the First Baptist church started off last night in a great way. We had present about twenty who enrolled in the class. We are studying the New Convention Normal manual, the Bible division of the book. This book gives a most wonderful scope of the Bible and is of great value to any one if they would have a connected idea of the Bible.

Last evening we had the first two chapters in the Bible division of the book. Tonight we will study the next three chapters. If there are those who did not get to come last evening and they desire to take the course, it will be alright for them to come tonight and join the class. We will be glad to have any one in town come. You do not have to be a Baptist to get in this class. There is nothing sectarian about the course at all.

The class begins at 7:15 and closes at 8:15. The pastor is teaching it.

CLYDE CALHOUN MORRIS, Pastor.

PREDICT FAILURE FOR PROPOSED BIG OIL DEAL

(By the Associated Press)

TULSA, Jan. 11.—Tulsa oil men today freely predicted that the project of the Export Oil corporation

to purchase 170,000,000 gallons of refined products from refineries in the Mid-Continent field this year would never materialize. It was pointed out that the corporation negotiating the deal for a foreign government, had offered a minimum of 20 cents a gallon for the product and refineries are now selling some of the product for 18 cents.

A POSSIBLE SOLUTION.

A visionary negro by the name of Marcus Garvey, has projected an idea, not new but better dressed than heretofore, of leading all Africans back to Africa. Garvey's plans, we learn from the Literary Digest, have for their object no less an enterprise than to take the continent of Africa, organize it, develop it, arm it, and make it a defender for the negro race of the world. Eventually he hopes to transport all negroes back to the land from whence they came.

That in brief sums up the project. As we said before, it is not new, and it offers the usual objections, but we are wondering if time is not going to prove that the idea itself is the only feasible solution of the negro problem. Whether we accept Garvey as the Moses or not, is incidental, the plan itself may finally resolve itself into the most workable basis for handling a situation that is never quite at rest in America.

Time has proven already one thing, and that is the utter impossibility of the amalgamation of the white and black races. The short period of fifty years has demonstrated that entire assimilation is an absurdity.

Such being the case, there are two horns to dilemma. Either America can make the best of a poorly digested compromise between the two races here, or it can lend its support to a movement looking to the return of the negro to his native haunts.

Most of the objection to a return of the negro, comes, not from the negro himself but from whites who need the negro in their business, and from our standpoint, the latter contention is not worthy of consideration.

Garvey is making some headway. The Evening News would like to see the plan given a thorough trial in a small way at least.

ROGER BASON ON TAXES.

People little realize what the income and other Federal taxes are doing to kill prosperity and enterprise.

The bank clearings, building permits and other figures now coming out for the two weeks preceding March 15th (when the Federal Tax Statements were due) indicate that the time which 5,000,000 people have given simply to preparing these reports resulted in a loss of about \$1,000,000,000 in sales, \$550,000,000 in manufacturing, and \$500,000,000 in other lines. If we add to these figures the time of bookkeepers, accountants, government tax officials, collectors, and inspectors whose work is wholly unproductive and who—from the economist's point of view—are simply parasites on the country, we have far greater losses.

But some say: "Think of the \$4,000,000,000 which the government will be able to spend this year." This is where we are all being fooled. If the making out of these returns and the collecting of the money did not cost one cent the country would not be any better off. The whole process is simply the "robbing of Peter to pay Paul," and the 'robbing costs the American people about \$2,000,000,000 a year in actual cash. Add to this the psychological effect upon men of enterprise (I refer to the retarding, the dampening effect of this whole tax business on the ambitions and efforts of the men who play and promote great enterprises—the men who really make prosperity) and the losses above-indicated must be multiplied many fold.

I believe in an income tax and know that Commissioner of Internal Revenue Williams and his entire staff have handled a most difficult problem in the most efficient and impartial manner. The American people, however, should not fool themselves as to what a drag our present tax system is on prosperity.

TRY IT ANOTHER WAY.

The lever was man's first invention. He placed a tree trunk under a mammoth's carcass and pried it up. Then one day there came a "genius" who dropped a rock on the end of a poised lever and thus was born the first machine delivering power.

Look about you. When you see persons engaged in simple mechanical operations, experiment a little. "Do the trick," another way. Perhaps it won't "work," but then again you may discover a new and better process.

For untold years man has separated gold nuggets from sand by mixing both with water and then carefully shaking the inclosing vessel until the heavier gold sank to the bottom and the sand was carried away.

That is a slow process and altogether unsatisfactory. Just this year a "genius" made the overwhelming "discovery" that if a mixture of sand and gold bits was left dry and shaken vertically, in about one-tenth the time it would take to pan a wet sand and gold mixture, all of the gold in the dry mixture would rise to the top of the sand.

He's applied for a patent of his gold separator. Barring misfortune he'll be wealthy and they'll call him a "genius," because he was the first man to do this thing backward.

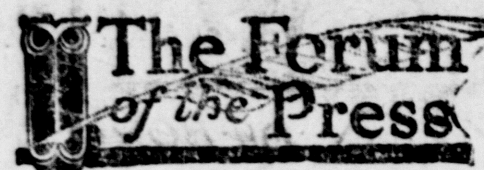

It is all right to hitch your wagon to a star, but the little boy gets farther by hitching on the grocer's delivery.

NAMED TO GUARD HARDING'S HEALTH

Dr. C. E. Sawyer.

Dr. C. E. Sawyer, for years the family physician for President and Mrs. Harding, has been made the president's physician at the White House. He has been nominated for brigadier general in the reserve corps of the medical corps by the president.

Miami News: That excess profits tax is going to be as popular in the 67th Congress as the crutch in a foot race.

Oklahoma News: Parcels post, which, opponents said, could not succeed, last year carried two and one-quarter billion packages, on which the government made 10 million dollars profit.

Shawnee News: The retail drug-gists will be permitted to stock up again with the elixir of life on April 1, when we may expect to hear the bootlegger and still operator complain that someone is always interfering with a legitimate business.

Muskogee Times-Democrat: If Walter Harrison, managing editor of the Oklahomaian, can collect \$50,000 from the Weekly Bulletin for referring to him as "a draft evader," what, pray, will Walter figure that former Senator Gore can collect from the Oklahomaian for the things it said about Senator Gore?

Muskogee Times-Democrat: Some folks have peculiar notions about salvation. Clara Smith Hamon announced that after her trial was over she intended to attend to the matter of having her soul cleansed of sin. No explanation was given of why she was waiting until after her trial but the inference was that the verdict might have something to do with it.

Okemah Ledger: The union carpenters of Muskogee have refused to accede to a cut in wages from nine to eight dollars per day. The result will be that many men in Muskogee who contemplated erecting buildings will delay and carpenters who might have had employment will remain idle. Wages, like other prices, must undergo adjustment.

Progressive Farmer: Now is the time to take steps to get a profitable price for cotton next fall. Now is the time to have a conference of every member of the family and to decide to quit the too exclusive culture of cotton and to resort to diversified farming and stock raising. We ought to grow our own supplies, keep out of debt and get all that we are obliged to buy at the lowest prices for cash. Such a course means common sense farming.

Durant Democrat: Yesterday when all nature was smiling, the fish were biting, everything growing "like sixty," and it seemed good too to be living, and everything looked so bright, with fruit trees loaded down with the coming fruit gardens coming one, flowers blooming, a fellow knocked the "wind out of us" with a bunch of pessimism as follows: "This can't last you just watch for a killing frost, and ruin the fruit and berry crop; and you just watch these green bugs; they are going to eat up the grain; the garden stuff will be killed by the frost; and the Lord only knows what will become of us." Well, it knocked us cold; we could not find a reply that suited the case, so we passed him on. Gee that fellow has an awful taste for life.

Snake Oil

Will Reliably Relieve Pain in Five Minutes.
Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.
A new remedy used extensively for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria and Tonsillitis. This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. An illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes. Accept no substitutes. Get it at HENSLER & STORY.

DIET BILL MAY SUFFER DEFEAT IN CONGRESS

TOKIO.—Nothing can be more disappointing, says the Nichimeki that the fate in the Diet of the bill for universal man suffrage. In this respect, the journal things the suffrage movement bears a strong resemblance to the demonstration started some 90 years ago by the Chartist party in England.

It continues: "The bill for universal suffrage was slain. But it is the one proposed by political parties that was shattered. The bill in the hand of the mass of the people will, nevertheless, force itself on the government at every opportunity until it is realized. The failure of the bill at the hands of political parties was due to the wrong policy of the Kenseikai, which not only made a mess of the bill itself, but introduced a serious chasm in the very foundations of the party, in the form of the expulsion of Yukio Osaki, one of the party leaders."

The Jiji thinks that the regret is not so much at the failure of the bill itself as at the disgraceful poor show that Kenseikai made in consequence of lack of unity and prudence. It was the Kenseikai that gave birth to the universal man suffrage project, but it was also the same party that killed it with criminal cruelty.

The newspaper went on: "The lack of unity that marked the Kenseikai so conspicuously when the bill in question was introduced in the Diet for discussion gave silent, but nevertheless eloquent confession to the general incompetency of the Kenseikai as an opposition party. This deserves the regret of the people, since much depends upon the sound development of the opposition parties for the improvement of constitutional government."

The Kominato opposition party introduced a suffrage bill and successfully secured primary consideration for it. It was defeated. When the Kenseikai measure which was couched in similar terms came up, Mr. Osaki and others declined to support it on the ground that its presentation was unconstitutional as the House of Representatives had already disposed of a similar measure. For this Mr. Osaki and others were expelled from the party.

Delegates Go in Car.
TULSA, March 21.—A special car bearing 50 delegates representing the Tulsa County Association of Sunday Schools is scheduled to leave here early Tuesday for Norman, where the representatives of churches of Tulsa and Tulsa county are to attend the 14th annual convention of the Oklahoma Sunday School association. R. W. Burkhardt, acting president of the Tulsa association, will be in charge of the delegation. Bishop E. D. Monzon of Tulsa, prominent in south western religious circles and one of the convention speakers, will accompany the delegation.

NOTICE!

Parties taking cattle to and from pastures are hereby notified that the city ordinance prohibits driving cattle thru the streets of Ada. Cattle must be lead, not driven as they are damaging many gardens and lawns.
By order of
GARY KITCHENS, Mayor

AGRICULTURAL MEN TO HOLD MEET IN CHICAGO

(By the Associated Press)
CHICAGO, Mar. 21.—Agricultural experts from practically every college and university in the grain states will meet here today to outline a campaign for the most comprehensive grain and hay exposition ever held.

A call for the meeting was issued by the executive committee of the International Grain and Hay show, which has been made a permanent institution. Prof. G. I. Christie, Purdue University, director of the exposition, said that through co-operation of all agricultural college experts and farmers' associations, an educational campaign will be carried on for the purpose of bringing to the big exposition the best of the nation's grain and hay products. Western Canadian farmers, well represented at the show last year, will conduct a similar campaign. There will be more than 5,000 exhibitors.

The call for the meeting followed an announcement that the Chicago Board of Trade has renewed its offer of \$10,000 in premiums for the best exhibits. It was through the co-operation of the board that the exhibition was first made possible.

"The importance of the exposition in encouraging better crops has been clearly demonstrated," said Prof. Christie. "For many years growers have felt the need of an international show where best grain and forage crops might be compared and scientific methods of cultivation exchanged. The exposition has now been made permanent."

At the conference professors of agriculture will be present from colleges and universities in Minnesota, Nebraska, Kansas, Missouri, Iowa, Wisconsin, Illinois, Michigan, Indiana, Ohio and several other states.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the county of Pontotoc, Oklahoma, to be held at Ada on April 23, 1921 to fill the position of rural carrier.

GLASSES

We Announce

The opening of the Ada Optical Parlors in Suite 5 Shaw Bldg. where we are fully equipped to make thorough ocular examinations and scientific glass-fittings. You are cordially invited to visit us.

SIMPSON'S

THE SURPRISE STORE

115-117 WEST MAIN ST.

tion of rural carrier at Ada, Allen, Fitzhugh and Stonewall and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The salary of a rural carrier on a standard daily route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles.

Women will not be considered for rural carrier appointment unless they are widows of U. S. soldiers, sailors or marines or the wives of U. S. soldiers, sailors or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C., at the earliest practicable date.

An invitation is extended to the Ladies to call and have these goods demonstrated to their entire satisfaction.

SIMPSON'S

115-117 West Main St., Ada, Oklahoma

He is gone on the mountain,
He is lost to forest.
Like a summer-dried fountain
When our needs are sorest.
The fount, reappearing,
From the raindrops shall bor-
row.
But to us comes no cheering,
To Duncan no morrow!

The hand of the reaper
Takes the ears that are hoary,
But the voice of the weeper
Wails manhood in glory.
The autumn winds rushing
Waft at the leaves that are scar-
est.
But out flower was in flushing,
When blighting was nearest.

Fleet foot on the corral,
Sage counsel in lumber,
Red hand in the foray,
How sound in thy slumber!
Like the dew of the mountain,
Like the foam of the river,
Like the bubble of the fountain,
Thou art gone, and forever.

Phi Beta Entertainment.
Very attractive in every detail
was the party given by the Phi
Beta sorority at the home of the
Phi mother, Miss Stella Watson,
831 East Tenth street Thursday
evening.

The evening was spent in play-
ing bingo. Agnes Cameron winning
the highest score, was presented
a bouquet of green carnations.
Dewey Hodges having a kinder
heart refused to injure his sham-
rock as Agnes did and was awarded
a consolation. The girls were all
asked to gather around while the
box which contained the prize was
opened, and oh! the shrieks were
long and loud when a beautiful
green snake jumped out.

Miss Anna Weaver Jones honored
the guests with a shamrock dance
and after this Joe Emanuel won
high praise with his celebrated rab-
bit dance, which was greatly enjoyed
by the spectators.
Immediately following the dances
the tables were spread with lunch
cloths of green and white and a
lovely course of ice cream, with
the shamrock and angel food cake
with a shamrock on each piece.
The favors given the guests were
pipes and hats attached to sham-
rocks, the pipes being given to
the men and the hats to the la-
dies.

Those present were Misses Alma
Mount, Mildred York, Gertrude
Hacker, Thelma Jeffries, Zuma
Horton, Agnes Cameron, Edna
Dreikell, Ida Hoover, Gertrude
Montgomery, Mattie Lyday, Anna
Weaver Jones, Willetta Kittell, Nell
and Lillian Hodges and Mrs. Ruth
Carter, and Messrs. Jack Vespers,
Dewey Hodges, Bill Riddle, Jim
Chapman, Edward Brents, Hardy
Roach, Joe Emanuel, Raymond
Caskey, Longley Pentem, Oscar
Parker, W. M. Clary, H. F. Mathis,
Mike Cassidy, Edward Davis and
Oliver Vernon.
Mrs. Moike Cassidy and little son,
Moike Jr., is spending the week-
end with Mrs. M. A. Cassidy and
family.

Smith-Swain.

Two well known Ada people were
quietly married at the home of an
Allen minister yesterday afternoon
at Allen in the presence of the
minister's family and a few im-
mediate friends. The contracting
parties were Miss Mary Francis
Smith, daughter of Mr. and Mrs.
E. K. Smith of West Sixteenth
street and Mr. Paul E. Swain.

Miss Smith is bookkeeper at
Shaw's and has been employed at
this place for the past two years,
having conducted herself in such a
manner as to win many friends who
hold her in the highest esteem. She
formerly resided at Wapanucka and
came to the city with her parents.
Miss Smith is very well known
among the younger set and has a
host of friends who, altho surprised
at her marriage, extend to her
heartiest congratulations.

Mr. Swain is employed at Mrs.
Land's and has lived here for some
time. He is well known here and
is fortunate in winning so charming
a lady for a life partner. Mr. and
Mrs. Swain will make their home
in this city.

Phi Beta Breakfast.

The Misses Kittell, Montgomery,
Lyday and Jones, of the E. C. S.
N., entertained the Sorority of the
school in honor of Miss Watson, the
Phi mother, at breakfast at the
Land cafe yesterday morning at
10 o'clock.

Covers were laid for fifteen at
a long table in the rear of the
cafe which was specially decorated
for the occasion. A long table
runner of gold color, with blue
embroiders and the name of the sor-
ority in Greek letters constituted
principal decorations, the colors of
the sorority being gold and blue.

Place cards with Easter chickens
attached, tied with ribbons of gold
and blue, were found at each cover,
and a most splendid menu suitable
for the hour and the occasion was
served.

Those seated at the table were
Misses Watson, Horton, Moore,
Driskell, Blanchard, Mount, Jef-
fries, Cameron, Brock Reynolds of
Durant, Kittell, Montgomery, Ly-
day and Jones.

Mr. and Mrs. Forde Harrison are
in the city today from Stone-
wall visiting friends and looking after
business matters.

Ray, C. C. Morris and W. C.
Duncan left on the Santa Fe today
for Oklahoma City where they will
attend the Baptist's State Laymen's

Suzanne Talbot sends Joseph her
French idea of a modified breton done
in milan straw with crepe brim. One
of the "secrets of Suzanne," is just
how she so cleverly poised the ostrich
fancy at right side of crown.

Convention which opens there to-
day and Sunday visiting her par-
ents, returned to their home here
last night.

Miss Gladys Willmoth returned to
her home in Weleetka yesterday
afternoon after spending the week-
end in the city visiting relatives
and friends.

Mr. and Mrs. C. D. Price were
week-end visitors in Fitzhugh, where
they were guests of their daughter
Mrs. H. A. Green and family.

Miss Willie Burton, who was visit-
ing friends here over the week-
end returned to her home in Atoka
this morning.

Mr. and Mrs. Walter Harrington
left Saturday afternoon for Mus-
kogee where they will spend a few
weeks visiting Mr. Harrington's
parents.

Gus Garr returned to his posi-
tion at Henryetta yesterday after
having spent several days here dur-
ing the past week visiting relatives
and friends.

Mrs. R. E. Lillard and children
who were in Shawnee over Satur-
day returned to their home here after
a few days visit with relatives in
Oklahoma City.

Miss Alice Fisher returned to her
home in Durant today after spend-
ing several days here visiting
friends, who are attending the
Normal.

Mr. and Mrs. John Agnew were
guests of Mr. and Mrs. A. M.
Stuart of Centrahoma, between
trains yesterday. They returned to
their home here yesterday after-
noon.

L. D. Jeter spent Sunday in
Stone-wall visiting relatives. He re-
turned to his home here yesterday
afternoon accompanied by his moth-
er, who will spend several days
here visiting the families of her
sons, L. D. and R. C. Jeter.

Mr. and Mrs. Fred Douglas have
returned to their home here after
spending the week-end at the
Baptist church. Messrs. Morris
and Duncan will return to their
homes here Wednesday morning.

Harry W. Miller, Judge Orel
Busby, Burgess Steed and Charles
Cunning were in Francis yesterday
afternoon and evening where they
took part in a Boy Scout program
which the boys of that place gave
at the Methodist church. They re-
turned to this city last night over-
land.

Mrs. W. M. Prewette Having Modern Bungalow Built

The foundation is almost com-
pleted for what is to be a dandy
modern bungalow which is being
built for Mrs. W. M. Prewette on
East Twelfth, between her resi-
dence and the home of Miles C.
Grizby.

Architect Albert S. Ross made the
plans and specifications and Con-
tractor N. Lamb will do the car-
penter work, and within a short
time the building will be completed
and ready for occupancy.

The building, a frame, with brick
foundation, when completed will be
modern in every respect, and will
be one of the pieces of residence
property in the city. The house
will be rented the first year or
two but Mrs. Prewette expects to
make it her home when she gets
ready to retire from the hotel
business.

Marriage License

Paul E. Swain of Ada and Miss
Mary Francis Smith of Ada.
Clinton Calbert of Ada and Miss
Willie Earls of Ada.

Huey J. Johnson of Byng and
Miss Bertha Dickey of Byng.

Mr. Roff Reports

Baptist Sanitarium
Dallas, Tex., Mar. 19

Gentlemen:
Will you kindly express through
the columns of your daily paper my
sincerest thanks and deepest appre-
ciation of the interest manifested in
my welfare by my many Ada friends
since being here.

Please say to them that my oper-
ation was a success and I am get-
ting along nicely. I expect to return
home in a few days.

Kindest regards to the News force
and thanking you for this favor,
Sincerely,
TOM ROFF

NOTICE!

Parties taking cattle to and
from pastures are hereby noti-
fied that the city ordinance
prohibits driving cattle thru
the streets of Ada. Cattle must
be lead, not driven as they
are damaging many gardens
and lawns.

By order of
GARY KITCHENS, Mayor

Mr. and Mrs. N. O. Arthurs were
in the city over the week-end visit-
ing, returning to their home in
Stonewall this morning after spend-
ing the morning shopping.

Mrs. George Miller, who was in
the city today from Hoidenville
shopping, returned to her home at
that place this afternoon on the
Frisco.

school folks. 2-19-2td

Play Is Postponed

The play that the Home Econo-
mics club of the Normal intended to
put on tonight at Stratford has
been postponed. This is the second
time that the weather has caused
the postponement of the play.

Entire stock of furniture formerly
owned by Yeargain & Abney for
sale at a bargain, 205 East Main.
3-21-6td.

H. L. Wilburton, after having
spent the past week in Shawnee on
business, arrived in the city last
night to spend several days here on
business. After his business here is
completed he will return to his
home in Ft. Worth. He also has
several friends here who he will
visit.

We are leaving Ada in a day or
two. If we owe you a bill send it
in at once, or forget it.

Those knowing themselves in-
debted to me, please call at my of-
fice at once and settle.

We have sold our home to Dr.
Ella D. Coltrane, who will occupy
my office and take over my prac-
tice. Dr. Coltrane will be the only
Osteopathic Physician in Ada. I
hope my friends and former patients

will give her a trial. Dr. Coltrane
is a graduate of the American
School of Osteopathy at Kirksville,
Missouri. She has license in the
states of Missouri, Kansas and Okla-
homa. She will give you the best
there is in Osteopathy, and I am
sure you will like her.

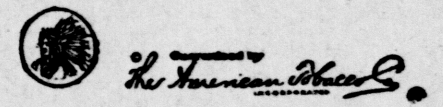

The thought of leaving Ada and
our friends grieves us more than we
can tell. I will take a much needed
rest after which we will decide on
our new location. Wife and I will
be travelling much of the time in
the next few months. We must now
say good bye.

FARMERS OF TRADE TERRITORY WILL SUPPORT FACTORY

(Continued from Page 1)

this county are peculiarly adapted to the raising of the crops which are necessary to maintain this industry, and the farmers will be glad to set aside a part of their acreage each year for that purpose.

Mr. Atkinson explained that he had operated a canning factory at Brighton, Iowa, for eleven years and that it had been a profitable business both for him and the farmers who have patronized it, from the very start. He began in a small way, with very little experience, but the business has grown to such magnitude that its products are shipped to jobbers and merchants all over the United States. He says that during the year 1920 he shipped six cars of catsup into the state of Oklahoma. A bottle of the catsup made in his factory at Brighton was found in use at a local restaurant, Sunday.

One of the disadvantages encountered in Iowa which he would not have to contend with here in Oklahoma, is the early frost, which stops the growth of the tomatoes. He explained that last year the frost came on September 16. On account of the early frost there, it has been necessary for the farmers to use fertilizer to hasten the growth of the vegetables, while in this state such practice would not be necessary. By reason of the fact that the season opens earlier here, and closes later, he is led to believe that the annual production per acre will be greater here than in Iowa, especially on the pickle and tomato crops.

Mr. Atkinson explained that the Iowa farmers raise about ten tons of tomatoes per acre. The price to be paid for tomatoes this year is \$10 per ton at the factory. The farmer knows at the beginning of the season what he is to receive for his crop per bushel, and the factory agrees with its shareholders to handle all of their crop at the price quoted. According to Mr. Atkinson the crop does not require much attention and the returns have been such to the farmers in Iowa that the have been well satisfied with the profit, and continue to raise them in increasing quantities each year. Not only is the crop valuable because of the annual income, but also because of the fact that it is splendid fertilizer for the land.

Mr. Atkinson is led to believe that it is a little late in the season to figure on trying to handle a crop of tomatoes on a large scale this year, as the time to plant them is near at hand and it may be too late to plant them after a final decision is made with reference to the factory. He expects to be able to handle a large crop of pickles this year if he decides to bring the factory here.

In Iowa, the pickles produce between 200 and 300 bushels per acre, ordinarily. The price ranges from 25 cents to \$1 per bushel, according to the size of the pickles. The small ones, three inches long and under, bring the top price; four inches long and under bring 80 cents per bushel, and the largest ones, being of very little commercial value, bring 25 cents per bushel.

Cabbage, in Iowa, produces about 12 tons per acre, and the coming season's crop will sell for \$7 per ton. After the plant gets under full headway potatoes will also be handled, and they are said to be a very profitable crop. Also the plant will be able, in the course of time, to take care of berries and fruits of different kinds.

Messrs. J. W. Hill and C. A. Zorn were named on a committee to assist Mr. Atkinson in reducing his proposition to concrete form, and present the matter in full at a meeting which will be called for one night this week. Business men of the city and farmers of the Ada trade territory will be notified of the date of this meeting in the News, and it is hoped that every one at all interested in the matter will attend the meeting and take part in the discussion.

QUIT MEAT WHEN KIDNEYS BOTHER

TAKE A GLASS OF SALTS IF YOUR BACK HURTS OR BLADDER TROUBLES YOU.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and can not injure; wakes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

LEGISLATURE DEALS WITH MOVING PICTURE CENSORSHIP

PERRIE, S. D., Mar. 21.—Legislative psychology could not be better illustrated than by the temper exhibited by the South Dakota legislature in dealing with the recent bill to establish a censorship of motion pictures in the state. Though passed overwhelmingly in both houses, the measure will not be written into the statute books of the state, at least for the present.

The difficulty started when forces in back of the bill opposed the liberalization of the Sunday Blue laws, and endeavored to play the censorship measure to force the opponents of the Blue laws into line. As a result of that effort, the lower house refused to adopt an amendment, an emergency clause tacked on in the senate, and the entire measure died a natural death in various conference committees.

The censorship bill was foremost to be introduced and one of the last to be fought over before the session ended.

COST \$1,500,000 TO RUN GOVT. EIGHT MONTHS

(By the Associated Press)

WASHINGTON, March 19.—Government expenses for the eight months ending March 1, were more than a billion and a quarter dollars below expenses for the corresponding period in the fiscal year 1920. Treasury figures today showed that for the last eight months it cost \$3,247,000,000 to run the government while during the eight months ending March 1st, 1920, the expenses were \$4,440,000,000.

Officers said the decrease reflected the discontinuance of federal activities incident to the war and that if the present rate of reduction was maintained the total outgo for the current fiscal year, exclusive of payments of the war department would hardly exceed four billion.

Total expenses for the fiscal year ending last July were \$6,403,000,000.

ALLEN ROAD BOOSTERS ATTEND ADA MEET

Allen Democrat:

Dr. F. C. Rose, L. B. Adams, O. F. Johnson, C. M. Means and C. E. Caldwell attended a special meeting of the Good Roads Motor Club at Ada last night.

The meeting was called to investigate some highly colored reports going over the county, but upon rigid examination of the stories no action was taken by the Club, it being clearly shown that no foundation existed for such reports.

This was perhaps one of the most enthusiastic meetings held by the Motor Club. Oratory and good fellowship broke out all over the audience and the climax was reached when it became known that \$100,000 cash was in the First National Bank at Ada to be spent on the highway from Stratford via Ada to Calvin. And this Club is going to see to it that we get a dollar's worth of road for every 10 cents spent too. That will help some.

The Allen bunch was re-invited to come to the big Good Roads meeting at Ada on March 24. The stores and schools will close and Ada folks are going to celebrate and want you there.

It is the desire of the Allen Good Roads Motor Club to have as many cars go to Ada on the above date as possible. Banners and booster signs will decorate each car before leaving Allen. All those who expect to go, should see L. B. Adams, Dr. Rose or O. F. Johnson, who will advise you further on decorations, and time of leaving Allen—all cars are expected to go together.

Victims Home for Burial.

OKLAHOMA CITY, March 19.—The bodies of James Donovan and his wife Ida, victims of an alleged murder and suicide will be taken tomorrow to Temple, Oklahoma for burial. Donovan, who was employed in a packing plant here, is said to have shot his wife four times, and killed himself as a culmination of several years of domestic differences. Mrs. Donovan died last night at a hospital. No provision has been made for the care of the two orphan sons, 11 and 13 years old.

CHICAGO NATIONALS MAY GET CRACK INFILDER

(By the Associated Press)

CHICAGO, Mar. 21.—One of the best infielders of the Western League who performed last season with the St. Joseph club will trip for a permanent berth on the Chicago nationals this season.

The athlete is Johnny Kelleher, shortstop, who managed St. Joseph last year, and who critics declare is the best shortstop turned out in the circuit in years.

In addition to piloting the club, Kelleher played spectacular ball through out the season. He has a wonderful arm and gets the ball away fast. Kelleher, although a shortstop, is equally capable of holding the second base position.

Kelleher batted .293 last year. He is fast on the bases, his record for thefts being 34, which mark was bettered only two others members of the league.

BIG COTTON DRIVE STARTS MONDAY, ENDS SATURDAY

News Special Service.

OKLAHOMA CITY, March 21.—

The way has now been opened for all cotton farmers in the state to become members of the Oklahoma Cotton Growers Association, if they desire, during a closing membership drive starting next Monday, March 28. The committee has decided to accept notes for the membership fee for the period of this drive only. The 16,000 members will themselves conduct the final drive.

Over 225,000 bales are now signed up and the organization committee sees its way clear to finance the association up to the actual marketing of cotton this fall, according to secretary C. L. Stealey. "The Committee feels that in accepting notes for the membership fee," says Mr. Stealey, "it is making the way into the association easier for a great number of Oklahoma cotton farmers. Many have expressed a desire to join but have held back because of scarcity of funds. Our workers in the field tell us that with the membership on a note basis we will sign from 75 to 90 percent of all cotton farmers in the state."

No memberships will be taken on the old basis after the completion of this drive, either on cash or note payment. The fee will probably be considerably more than \$10.00 as at present."

Turn to the want ad page.

SECRETARY OF NAVY TO MAKE INSPECTION TRIP

(By the Associated Press)

WASHINGTON, March 19.—Secretary Denby of the navy will leave Washington tonight for Guantanamo, Cuba, and Haiti and San Domingo. The water trips involved will be made on a destroyer on which the secretary and his party of naval and marine officers will embark probably at Key West. Mr. Denby will first witness naval maneuvers of the Atlantic Battleship fleet in Guantanamo Bay and following that he will make an inspection of the marine forces now on pacification duty in Haiti and San Domingo.

The party will reach Washington on the return about April 5th.

Classification of new students and reclassification of old students is the work being done at the Normal today. The new term starts tomorrow and one of the best attendances in history is expected. This classification has been going on through Friday and Saturday of last week and will continue until it is completed this week.

THE MERRY JOURNEYS OF MARY JANE

"I bet you don't know what I had for lunch!"
Mary Jane says to Joe Bluejay

Mary Jane and Joe Bluejay

ONE fine day when Spring had come and old Fatty Bullfrog had started to tell people "You-better-go-round—You-better-go-round" Mary Jane met Joe Bluejay.

Joe was sitting at the edge of a twig making faces and calling names at Tabby White-nose, the cat. Tabby had a very bad temper anyhow, and what Joe said to her didn't make it any better.

Mary Jane drove tabby away and told Joe he ought to know better than to start a rum-pun on a beautiful Spring day like that. Joe said he knew it, but old Whiteface was too smart anyway.

Mary Jane said "Well you know a lot, but I bet you don't know what I had for lunch." And Joe said what did she have for lunch.

Mary Jane said "I had the most delicious pancakes all spread over with Mary Jane Syrup. I ate, and I ate till my mother was afraid I'd bust. But she said 'I don't blame you—they are so good anybody would want to eat them just the way you do.'"

And then Mary gave Joe Bluejay one of the pancakes all for himself, and then he said, "Mary, your judgment of pancakes and syrup is all right. And you tell your mother I said so."

And Mary did, and now they have pancakes and waffles, and all sorts of delicious food spread with Mary Jane Syrup whenever they want it.

LOOK FOR the next Mary Jane story bout "Mary Jane and the Bumble-Bee."

Vaudeville and Pictures.

"Without Limit." Adapted from Saturday Evening Post Story, a Unique Picture.

A short time ago thousands of readers were startled and thrilled and delighted by a masterly short story that appeared in The Saturday Evening Post. It was "Temple Dusk," by Calvin Johnston. Now the story has been pictured under the name of "Without Limit" and will be seen at the McSwain theatre today where it begins a run of one day as the feature attraction.

Those who have not seen it may rest assured that for stark power, compelling interest and a plot of persons living in wealth on the

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits.

Large Crowd Witnessed Final Sunday Afternoon Show At Fair Grounds

What is said to have been the best Sunday afternoon performance of the season was witnessed by a large crowd at the Fair Grounds yesterday afternoon, when Honest Bill's riders gave their final show. Even the animals which took part seemed to appreciate the fact that it was to be the last exhibition and did their dead level best to furnish the maximum of excitement.

The climax of the afternoon was reached when "Indian Chief," the famous redbird rider, made a beautiful though not graceful nose dive, from the hurricane deck of "High Tower," an incorrigible cayuse furnished by Princess Winona.

"Heap much buck-um," said the chief, as he dragged himself together from the first fall in many moons.

"Heap much throw-um," came the echo from the delicious crowd of spectators, and the fun went on. Honest Bill announced that while

FIRST BAPTIST CHURCH SERVICES

The second anniversary of the pastorate of Rev. C. C. Morris of the First Baptist church, was appropriately observed yesterday. He preached on the subject, "Looking Both Ways Two Years." He chose as his text the twelfth verse of 116th Psalm: "What shall I render unto the Lord for all His benefits toward me?" He dwelt on the fact as the Psalmists life passed in panorama before him, that he only saw the things that were good to remember. He was able to forget some things and among the forgotten were his mistakes, his losses his injuries, his sorrows.

He had a wise way of forgetting the things that he ought to forget, and an equally wise way of remembering the things he ought to remember. He thought only of the joys and blessings that had come to him both temporal and spiritual.

The pastor then told of the wonderful things the Lord had done for the First Baptist church of Ada. Among these the fact that the Sunday school had almost trebled in the last two years, and all other departments of the church have grown likewise.

He then showed some reasons why he believed the Lord had so marvelously blessed the church. First because of the prayers of the people; because they had exalted Christ continually; because they had endeavored to keep the ordinances as delivered to them; and because of their world-wide missionary spirit. He showed that this church was spending about five hundred dollars a year to preach the gospel in Pontotoc county, about a thousand dollars per year to preach the gospel in the destitute places of the state of Oklahoma; about one thousand dollars per year to preach the Gospel in the cities and mountains of the south, about a thousand dollars per year to preach the Gospel to the people of China, Japan, Africa, and to earth's remotest bounds.

He then launched into the future and advocated some things that would have to be done if the church continued to grow and measure up to its possibilities. This part of his discourse dealt with the need of a new church building, adequate to meet the needs of the congregation. He said the present equipment from the Sunday school standpoint was filled to overflowing; the need of a larger auditorium for the preaching services; some provision made for the boys; nice parlors where the young people could have their socials.

He closed his message by making a few personal remarks which he said he felt were appropriate. He said, "I believe I am looking into the faces of people who have a sincere affection for me, and no man ever touched another with the sweet constraining influences of Christ's gospel unless the heart of the speaker went out to grapple with the hearts of the hearers." "No audience," he said, "ever listen with any profit to a preacher when they come in carping criticism."

GUEST BROTHERS

CHURCH GAINS MANY MEMBERS IN PAST TWO YEARS

(By the Associated Press) CHICAGO, Mar. 21.—The Methodist Episcopal church made a net gain of 191,559 members in 1919-20, and 91,237 in Sunday School enrollment, according to a statement issued today by the committee on conservation and advance, from statistics gathered by Dr. Oliver S. Baketel of New York, for the General Minutes of the church. It raised \$60,831,681 for all purposes; of which the pastors received \$21,944,613, the district superintendents \$1,369,221, the bishops \$314,080, and the retired ministers \$1,260,409. New church and parsonage buildings and improvements took \$10,655,179. Debts to the extent of \$4,626,796 were paid. Current expenses up amounted to \$11,210,835. For the Centenary and benevolences including the receipts of the two women's societies \$20,005,727 was provided.

Traveling preachers: On trial, 1,726; effective, 14,529; supernumerary, 642; retired, 3,537; total 18,708; an increase of 147. During the year 372 died and 286 located.

The total pair for ministerial support was \$24,988,323, a gain of \$3,098,199, or 14 percent.

Church membership: Baptisms, 130,561 (increase 44,627); children baptized, 153,601 (increase 29,945); preparatory members received 215,907 (increase 128,490); full members on roll, 3,948,409 (increase 152,430); total membership 4,293,988 (increase 191,559). Death, 50,183 (decrease 22,582).

Sunday schools: Number of 35,871 (increase 481); officers and teachers, 392,106 (decrease 1,099); enrollment, 4,415,472 (increase 91,237).

NEBHUT'S SLAYER WANTED AT PERRY

County Attorney's Letter Throws More Light on Felon's Past.

The following letter, was received today from the county attorney of Noble county. The letter is self-explanatory.

"Perry, Okla., Mar. 18.

"Sheriff of Pontotoc County,

"Ada, Okla.

"Dear sir: We are informed that a man by the name of Ben Marshall alias Ben Benson, was captured in your city last week, after shooting to death a deputy sheriff.

"We have three charges standing against this man in this county, one for assault with intent to kill, one for burglary and one for jail breaking. In June 1919, his man with a younger brother and another man who gave his name as Craig were arrested for burglarizing two houses in this city. At one place, this man Ben Marshall was discovered by a young man in the house at night, who grappled with him, and was shot by Marshall, but not seriously wounded. Soon after being arrested all three broke jail, and a few days later Ben was captured, but the other two were never captured. A little later Ben broke jail again, and had not been captured, though we were close on his trail, through letters written by a sister who lives near Blocker, Okla., to the younger brother who is in the penitentiary at Ft. Madison, Iowa. We learned of the capture of Ben at your city through the Ft. Madison authorities.

We presume the authorities of your county will want to hold Ben for trial for murder; but should it occur that your county did not choose to prosecute him, we want him here badly, and will appreciate it very much if you will notify our sheriff, who will come after him at once. Ben is no doubt a very bad man, and you will have to keep a close watch of him or he will slip through your fingers. You no doubt already know he is a dangerous man.

"Had the officers of Pittsburgh county been a little more active, they might have had this man, and saved the loss of the life of your deputy. We have been furnishing them information which should have led to his capture several weeks ago, as he has been staying around near Blocker for several months.

"Respectively yours,

"H. E. ST. CLAIRE,

"County Attorney, Noble County."

MAJOR GENERAL LIGGETT RETIRES FROM SERVICE

Famous World War Leader Served in Army 42 Years.

(By the Associated Press) SAN FRANCISCO, Mar. 21.—Major General Hunter Liggett, commander of the first American army in the world war, retired today after 42 years of service. A group of officers of the Ninth army corps, his last command in the army, and civilian friends witnessed his retirement.

As lieutenant general, in command of the first American army, he was in charge of 1,200,000 men, including five French divisions and 5,000 field pieces.

With this force in October 1918, he launched the great drive upon the forces of the crown prince in the Arregone, breaking through the center of the German supply line and pushed forward to the outskirts of Sedan, forcing the crossing of the Muse and trapping the flower of the tunic forces—the master campaign of the war—as was evidenced by it culminated in the signing of the armistice.

He ended his duties as commander of the Third army, which marched into Germany following the cessation of hostilities, and returned to America in July 1919 to resume his post as commander of the Western department. General Liggett was born in Reading, Pennsylvania, March 21, 1857.

COTTON GINNING REPORTS COMPLETED

WASHINGTON, March 21.—Production of cotton exclusive of linters amounted to 13,197,775 running bales, counting round as half bales, or 13,365,754 equivalent five hundred pound bales for the 1920 crop, according to the final ginning reports of the season issued today by the census

REPAIRING

ureau.

The 1919 crop was 11,325,532 running bales, or 11,420,763 equivalent five hundred pound bales.

The 1920 cotton crop was the largest since 1914 and the sixth largest in the history of the country.

STATE'S CROP OUTLOOK GOOD

OKLAHOMA CITY, March 21.—Despite the appearance of green bugs, pea-aphis and the army worm Oklahoma's wheat crop continues in favorable condition with soil moisture generally ample. Such is the information contained in a statement of crop prospects, issued here by the state board of agriculture.

The amount of wheat remaining on farms in Oklahoma on March 1 is given as more than 10,000,000 bushels, or about 2,000,000 bushels more than at this time in 1920.

The report comments on the "favorable start" of early sown oats, the good condition of barley and rye, prospect of an increased acreage of potatoes and makes mention of cotton still being brought in for ginning.

Cattle dipping, according to the statement, is to start not later than April 15.
